If your screen displays a pop- up windows too large or too small, clear store settings in GDC and try again. Follow steps below:

- 1- Right click on GDC Icon in bottom right hand corner of screen.
- 2- Select Options **Lies**, then select the Advanced tab.
- 3- The screen below will appear.
- 4- Select clear *Clear* for both Image cache and Stored Settings
- 5- Select Ouit to exit.
